

ENEEP Workshop on main project achievements

The EU project ENEEP has reached its final phase. An information workshop is organized, during which event we are going to present the most important achievement of our project. Results of the very successful demonstration courses will be presented, along with links to other European associations and projects such as ENEN. This will be a good opportunity to discuss questions and to share ideas, proposals.

Date: 17/05/2022
